### **Introduction**

A concept by the disabled, aimed at empowering the disabled, RAAH is an NGO that works to empower disabled and create an accessible world. RAAH, set up by the disabled people and understands the hurdles faced by the people in the community.

Having worked in a smaller group, we now aim at extending our reach by providing assistance through various programs like custom assistance, counselling and mentoring, and recognising talents and serving as a comprehensive platform that recognises, understands and addresses problems faced by the disabled.

### **— Our Mission**

To create an empowered community for the disabled where they don't have to think of the barriers that stop them from achieving their dreams.

### **— Our Vision**

Our vision is to help disabled people overcome the day-to-day challenges brought by their physically disabled people by providing assistance and support in whichever way possible.

RAAH

EVEN DURING THE DIFFICULT TIMES OF **CORONA**, WE HAD LOTS OF FUN IN MAKING ONE ON ONE **VIDEO SESSIONS** WITH OUR ENTHUSIASTIC MENTORS WHO ALSO ARE SPECIAL PARENTS.

FROM THEM WE GOT TO LEARN HOW CAN WE MAKE OUR **TOUGH LIVES** RUN SMOOTHLY ON TRACK AND HOW CAN WE CONSOLE OURSELVES SAYING 'THOU TOO SHALL PASS'.
